Major

Yours of 27th December last, received, and would have been answered sooner, but was delayed on account of procuring information in the case. The time that the Rough Rice was received, is as follows. Bill of Robertson Blacklock & Co. for William Aiken's Rice as 10th July 1862. for 5,231 Bushels. also their Bill for J.B. Gumball's Rice, 18th July 1862. for 4,147 Bushels. and all you Invoiced to me in same month (July 1862) 4,568 Bushels, total amount 10,218 Bushels, which was received. The Bill of E. Barnwell you paid. It was not measured, but taken by weight at 45 lbs. to the Bushel. I think that the whole quantity was shipped during the month of June 1862. The first Bills presented by Messrs. R.B. & Co. was as follows. W. Aiken 6,008 Buss - from which he deducted as an average loss 777 Buss. making Bill as above stated. J.B. Gumball. 4,755 Bushels amount deducted 61 Buss. making Bill as above. I only paid for the amount actually received by me, and receipted to you in the same way. The Rice was in very bad order when received, and I had to send a hand and put the bags in grid near before it was removed.

Hoping that this information will be of service and assist you to clear up the account.

Office Chief Commissary
Charleston 13. August 1864.

Your letter of 10th and telegram of this date, are received, to-day. The number now rationed, including labourers in Engineer Deptmt, the Arsenal &c &c, is about twelve thousand. Some prisoners, from Ga, are now arriving. I will report any material increase. Your order for 300 Hds sugar being to send the same to Maj Low, I directed Capt Riley to ship to him all he had left at St. Matthews, and he has got off a portion of it, including some of the "Fla." I have written to him to send whatever dry sugar remains (to Maj Claiborne) and I will endeavour to supply 100 hds, in all, of this, for the Va hospitals. The Chief purchasing officers, will immediately be acquainted of your instructions respecting the quantity of Bacon they should require in exchange for pork. The Dr. Mtd. deptmt will be unable to return the corn borrowed of me until the new crop is available. I ordered Maj Trout to ship, from Chester, 5000 bushels corn to Maj Lowe; and, on the 3rd, he reported only a small portion shipped, for want of transportation. He was again directed to send it as speedily as possible. I have not received a schedule of later date than 3rd June (which was sent you 6th June) I enclose another copy. When ~~april~~ is published, I will forward without delay. I have the honor to remain Respyr obdt Servant.

Major:

Your letters of 2nd & 8th Insts were duly recd. I directed the depot Commissary to report the shipment of coffee, received through the blockade in Augt, and that the Beef and Pork, received at same time, for Syren and Dox, has been used, of necessity.

In this month, the St. Dox brought 48 Bags Coffee, which was shipped to Wilmington the 8th Inst.:- For the Navy department, the Dox brought 50. Tierces Beef & 50 Bbls Pork, the Syren 100. Bbls Provisions, the Stag 50. Bbls Pork, and the Druid 65 Tierces Beef. These were also shipped to Maj Reid, Wilmington, on 8th Inst.

I will report arrivals as directed; and nothing shall be retained here, unless in cases of absolute necessity. The agent of the War Deptmt, J. D. Aiken Esq, suggests that you may readily obtain, in Richmond, all the information you desire by applying to Lt Col. J. L. Bayne, to whom it is telegraphed as soon as it is known here.

Respectfully your obedient servant

Herewith you will please find semi-monthly
Report of Subintendence Store on hand on the 15th inst.

Since the last report, the number of prisoners
in this state, has been increased about 20000. by the sudden
arrival of Federal prisoners, about 8000 of which have been
collected at Florence, without sufficient notice to me, to make
provision for them. I made every possible effort to get stores
there in time, but Capt Connor's extremity was so urgent, that I
was compelled to authorize him to make use of any Subintendence
passing through for this Department. I am under the impression,
however, there was but little, if anything, there; and I think that
in a few days there will be no occasion to, distinctly store en route;
as I hope to have a sufficiency of headstuffs at least. I think of
fear, can only be, occasionally supplied. I am notified that
a much larger number of prisoners will probably be sent to
Florence

Respectfully returned, and
may I beg leave to answer

I feel assured that the law is being
enforced. We are directed
in the act, but we believe the
law is being enforced, not to permit
any accumulation of the I.R.
stores, but to see that the law
is enforced. In the case of
the I.R. agents, that he has
been directed that it is
for his agents to receive the I.R.
kind for the people. There is
a I.R. agent located, and that
while thus instructed, he has
not been permitted to carry on the
I.R. store, stating that his agents
were advised the I.R. agents of
it immediately. That the
establishment of agents agency
for I.R. stores has been tried in regard
to wheat. I.R. has been found
to be a confusion, and as the
matter is settled.

In regard to purchases, he has
learned to state that a perfect com-
-plaint exists among the people
with regard to Schedule prices,
even when owners to prices are
offered, although it certainly in-
creases the supply obtained, they
are accepted with some hesi-
tation, and the doubtfulness

There is a great deal of
speculation in the local
market of the I.R. stores.
The agents of the I.R. stores
from which the stores are
obtained, may find it more
difficult than the agents of the
I.R. stores. He has been in carrying
out the stores, and has been in York
Chester and adjoining, and just
last particularly, the stores
which are shown to sell the
stores, the stores being largely
given to speculation, and he
ought to state that the
opposition referred to is en-
-gaged by parties in high stand-
-ing.

It is true that his efforts
have been unabated to purchase
all that was to be purchased.

Some now however will accept
Schedule prices, but declared
that an appearance of an order
may not appear to be over
the side. Thus defeating the
efforts of the I.R. agents, the
Army.

Respectfully
J. H. Smith

Your letter of the 17th inst. was duly received. I have directed the bulk of 1500 Quercus of Rice to be put into Sacks, and shipped to Maj Lowe, it can all be sent from here, and if necessary replaced from Savannah.

Your letter of the 19th inst. was received last night, and I enclose you statement of arrivals, during the last moon. The Agent of the War Department J. D. Aiken Esqr. from whom alone the particular information you desire, is to be obtained, says it will be impracticable for him to continue to furnish it, his time being engrossed with other duties. He repeats that all the facts can be ascertained on reference to Col. D. L. Bayne in Richmond, immediately after the arrival of the Vessels. Mr. Aiken very courteously furnished the information on this and the previous occasion, and would continue to do so if the demands of his Office would permit. I will enquire if it be possible to procure the information through any other channel, if so I will forward to you as directed.

I have the honor to subjoin copy of telegram sent you, in reply to yours ^{of 5th inst} just received. I have now to provide for about 40,000 men, and the supply of breadstuffs is so low as to give much anxiety. strenuous efforts are being made to collect them, but many difficulties are interfering. the want of funds is one of these difficulties, which I should be greatly relieved, if the Commissary General could remove.

The corn for Wilmington will be urged forward as rapidly as possible, and I expect that Maj. Miller will be able to send from Savannah a weekly supply of meal as long as it is required. I am in correspondence with him on the subject, and will do all that is practicable from the resources of this State to send assistance to Wilmington.

Office Chief Commissary
Charleston C. August 1864

Sir:

I have the honor to acknowledge the receipt, this P.M., of your telegram of 5th Inst. and to confirm the following reply, which was immediately sent:

"I was Depot Commissary part of third quarter, sixty three; and made greater part of the purchases. These being heavy, and extending over the State, have had much difficulty in closing accounts with agents. July returns will be sent immediately, August will follow in a few days, and subsequent accounts, being brief, will probably be all rendered within one month."

The difficulty of getting a satisfactory settlement with agents has been the chief cause of the delay. When all the purchases were made by me, or in my name, my transactions were very considerable; and I was, in a great measure, in the hands of my agents. I believe they have made faithful returns; but many obstacles to an accurate adjustment of large money and property accounts have been met with. They have been overcome to such extent, however, that my Papers, as above stated, will be soon brought up fully.

It is desirable to use the production of a country; let rice and molasses be used occasionally as a substitute for meat. The trial can be made, it seems, that one pint and a half of rice with a gill of molasses, or more if necessary, would make a good days rations, and a pound and a quarter or a pound and a half of meal with a half pint of molasses are suggested. but all this must be tested by experiment. If of land. Get some intelligent men to make the trial in camp and report conclusions.

Office Chief Commissary
Charleston 24. March 1864.

Major:

I have the honor to acknowledge the receipt to-day - of your letter of 19th Inst. I regret that my efforts have heretofore failed to get any reliable information as to the grain crops of this state. They were undoubtedly large the past year - larger perhaps than ever before; but there is an unwillingness to come out with the facts. I have applied to the source most likely to be informed - the controlling ^{Officer} Mr. for the collection of the tax in kind - but he does not expect to have his Returns in before the end of the month. I will urge the information, as much as I can; have again called on the chief purchasing Commissaries, and will report to you this and other points of your letter as soon as possible. Georgia has, for twelve months or more supplied about one half the corn consumed here, (the balance being obtained in the lower districts of this state) and I think it may be practicable to draw all the Meal required from Maj Millen, Savannah, and send to Va. all - or a very large proportion - of the Corn collected in the districts of Orangeburg, Barnwell, Edgefield and Newberry. The districts above these appear to have very little Corn, and the whole country on the line of the Wilmington and Manchester R.R. has been relinquished to the Dr Master's Department.

From the neighbourhood of Branchville, we can

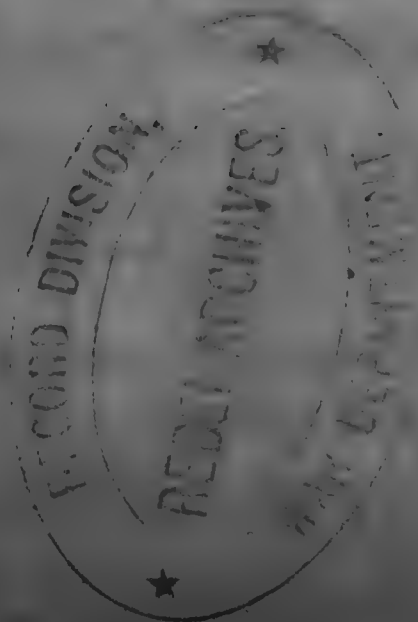

shipments at once, upon receiving your instructions. Can you

with sacks? Very respectfully your obedient servant

Major:

Yours of 26th Inst is received to-day. I am not yet prepared to report as to the prospect of shipping you much Corn from this State. It would appear to be the idea of the Quartermasters that my operations should be confined to the Orangeburg District - which (if by that is meant the 3rd Congressional District - embracing four districts) will pay in about 150,000 bushels of Corn. I am now awaiting a reply from the Controlling Dr Mr on this subject, but it is as well to call attention to it, that no time may be lost in reaching an understanding as to whether the department is to be excluded from receiving the tithe in all sections of the State excepting the Orangeburg district and the country adjacent to Charleston. I should be glad to be instructed also if the intention of the Orders sent me by Deby is that my agents should be withdrawn from making purchases on the line of the W & Manchester R.R. as well as from receiving the tithes of Corn.

Maj Locke, Chief Commissary of Ga. requested me to fill the orders sent him for the shipment of 1500 bushels of Rice, to Montgomery, and with lesser shipments elsewhere, my stock will be considerably reduced - The price too has been greatly increased. If important orders for Rice should go to Va from here, please telegraph me whether to shipments to the West. Maj L's reason for requesting me to fill your order is that his stock of Old Rice is exhausted. My stock is also

Pursuant to the above order, the Board met and respectfully make the following report.

The Board find the original invoice of meal to be fifty thousand and sixteen pounds (50,016 lbs.); on hand forty nine thousand, nine hundred and sixty nine pounds (49,969 lbs.) of which five hundred and forty four pounds (544 lbs.) have been unavoidably damaged by rain, and forty seven pounds (47 lbs.) lost by the unavoidable bursting of sacks. The meal is in good condition with the exception of the five hundred and forty four pounds (544 lbs.) damaged as above stated.

The Board find the original invoice of bacon to be twenty thousand, four hundred and sixty four pounds — (20,464 lbs.); on hand nineteen thousand, nine hundred and seventy six pounds (19,976 lbs.) of which seven hundred and sixty six pounds (766 lbs.) have been unavoidably damaged by the heat of the weather.

The Board find four hundred and eighty eight pounds (488 lbs.) missing, and the Board is of opinion that the bacon was stolen from the store house, through negligence of the soldier in charge thereof as a guard. The bacon is also in good condition, with the exception of the seven hundred and sixty six pounds (766 lbs.) damaged as before mentioned.

Major:

Your letters of 28. March, 2nd & 12th April, and telegram of 9th Inst. have been received. The great reduction of the number of troops, will allow me to send to Va, all the Rice you have ordered - 1500. tierces - and leave a supply for about twelve months for 15000. men, the daily issue being about half pound per man. There have been occasional interruptions of the supply of breadstuff here, and then Rice has been issued very freely. Looking to such a contingency, I prefer to keep an ample stock on hand. A sudden increase of troops too, sometimes, draws heavily upon it. However these accidents do not seem likely to occur again for some time, and I think, if your necessities are pressing, it will be safe to send you more. Capt. Bugler was here, a few days ago, and will return, with Col. Sims, on the 20th. I understood him to say that it would be practicable, in about five days after that time, to get a special train to go through with the Rice - then making only some repairs to locomotives, and a question of compensation, which he thought could be arranged. Some Bacon from Savannah went forward yesterday, and another ship - not is expected tomorrow. I have had Rice fresh rounded to send Maj. Blairborne and have the

The reduction of troops here
has left a much heavier stock of Meal and Peas on hand
than can be used. I have transferred a good deal of
Meal to Capt McKinney, at Wilmington, but shall still
have about six thousand sacks Meal, and two thousand
sacks Peas more than is required here. If I do not
succeed in getting it off for the use of the Army - which
is little prospect of, while transportation is so difficult, I
should be glad to have authority for making sale of it before
it becomes heated.

Office Chief Commissary 1st
Charleston 11. May 1864

Major:

Your two letters of 28th April and copy Extract from letter of May 11. H. Smith, of 25th April, were received 2nd Inst. and immediately attended to. Orders were long since extended by me for the collection of Bacon to be sent to Virginia, but, owing to the greater facilities possessed by Officers of the Quartermaster's department, they have succeeded in controlling the trade to a very great extent, and I can only rely upon the recent instructions of Col. Larkin Smith to compel transfers to be made as we shall demonstrate ability to remove the grain. I shall be glad if you can order me 50,000 sacks - or more, if they can be spared.

With regard to the accumulation and bad condition of the Wheat, I would remark that Maj. Sloan, Controlling Dir. of the I. & K. in this State notified me, on 23rd April, that the Post Dir. had complained of the difficulty in getting my officers to relieve their storehouses of the Bacon & that the Bacon collected in Meck will exceed 600,000 pounds, and that the Wheat will probably exceed 1,000,000 pounds; and that "it is desirable that the collection of it shall not be retarded by an accumulation at the depots." A copy of this letter was at once sent to each division Commissary, for his attention. When instructions from your office were received to ship Bacon to Charlotte, orders were issued by me to that end, and I am assured that in less than ten days all which has been delivered at the depots will be moved off. I despatched an officer

to look closely into the matters and to take appropriate action. When I get his report, I expect to be able to communicate more fully. He is still engaged in this duty.

Admonished by your letter that the department has not accomplished satisfactory results in this State, I have given the most earnest consideration to the subject of reorganization, which the Commissary General has directed. My conclusion is that, admitting some of them to be deficient in the highest energy and tact, the removal of any of the officers and agents, at this time, would be a most dangerous proceeding, because of the very doubtful practicability of supplying their places with better men. And I therefore think it safer to continue them, assigning, of course, the strongest incentives to greater exertions. It must be recollected that the men best fitted for these duties are in the Army, in the field.

I have taken steps to obey the order for the removal of my office to Columbia; but deem it proper to say that the very few advantages that would result from this change are, in my opinion, outweighed by the advantages of my location here where I have ready access to, and am acceptable by, the Heads of departments, and the department Commander, with whom business of importance, and sometimes, of urgency, must be transacted almost daily. I would instance the arrangements for transportation, both in and beyond the State, the adjustment of difficulties of officers and agents, reported as exceeding their authority, the procuring of details and other assistance needed by the department, and the

serving as a referee and medium of communication in matters of daily occurrence. Being near to the Army on the Coast, I have also very important monetary business with officers serving with troops; both paying and receiving funds.

I respectfully suggest that all the benefit which would follow my removal to Columbia, may be secured by placing on duty there an officer of active habits, who should have charge of the depot now being created, and be required to make occasional visits to the several Chief purchasing Commissaries, to satisfy himself that due diligence is used.

If what I have stated should be regarded of sufficient weight to induce a reconsideration of the order, it may be practicable to assign to this position an officer of suitable qualifications - Maj J. R. Robertson, Post Commissary Sullivan Island - whose place might be supplied by Maj J. E. Bacon, who has applied to be relieved from duty at Pocotaligo.

I beg leave to state that
the supply of Bacon and Flour in this City will
not be increased; as I have directed all that
can possibly be spared from the upper districts to be
sent to Virginia; consequently when I shall have sent
forward 350,000 lbs Bacon, my stock will be brought
very low, ^{here} and I have no cattle fit for use yet.

If your necessities require it, about 1000 Barrels Flour
may be sent from here in addition to 3000, reported 1st Inst.
Below I give copy of telegram this day sent you in
reply to yours of 2nd. On 1st Inst I called upon all those
making shipments to send me a report of quantities of stores for-
warded, and in a few days I expect to be able to report to you
accurately, on this point, as well as upon future prospects, if
it be possible to get information. Respectfully your obedient servant

Relative to collection
shipment of corn - &c &c.

Office Chief Commissary
Charleston 23. June 1864

Major:

Your letter of 15th recd 21st Inst. The
forwardment of Col. Larkin Smith of 13th June, will
be enable us to accomplish more satisfactory
results in collecting corn. I have again urged
the work. The officers of the department
are alive to the very great importance of it, and
making efforts to overcome the difficulties in
the way. One of the principal of these is the want of
proper transportation.

I will select the best fitted officer I may be
able to get, and charge him with the special duty
of supervising the collection of corn, the securing
of transportation &c.

I will be glad of another
shipment of 25000 sacks to Capt. Witherspoon.

And the stock of flour reduced too low in the city
I admit of my sending 1000 Barrels, and I have
therefore reduced the quantity to 500. Nothing whatever
now coming in - all is diverted to Va.

Since the receipt of your telegram of 16th I have de-
ferred shipments of corn (flour &c) to be made
at Wilmington.

lected in 1864. *

Office Chief Commissary
Charleston 19. July 1864

Major:

Yours of 14th is just received. Officers and agents are frequently reminded of the necessity of diligence and promptness in collecting supplies of all kinds for the Army of Virginia; and I have recently sent an active officer - Capt. W. Hutton Higg - to visit every part of the State, and by every possible means to secure large supplies, and expedite their shipment. The tithe of new Wheat has been called for by the tax in kind department; we will receive and grind it promptly, and endeavour to procure as much as possible by purchase. This I fear, however, will be impracticable, and improvement will have to be resorted to. I have directed it in reference to corn, and will do so in reference to Wheat, when the tithe is delivered.

I send you a table of the tithe (for 1863) collected up to 31. May '64, which will afford some information as to the resources of this State; which are not equal to a very heavy demand from outside - the population being over 700,000. I have the honor to be,

Relates to sugar in
hands of Capt. Kirby, recd. & ex-

July, 30. 74

Office Chief Commissary
Charleston 26. July 1864

Major:

Yours of 22nd is received. Capt. Riley A.S., St. Matthews, has been directed to ship to May Lowe the balance of sugar he may have on hand. I doubt if he has as much as 300. hhd's, because I recently ordered a distribution of the sugar in his hands, to be made amongst the chief purchasing commissaries, to be exchanged for Bacon; and he has commenced to send it off. I shall, however, be able to make up the 300. from the stock in the city.

A large proportion of this sugar was sent here from Fla, by Maj C. A. Lathrop. U.S. with the condition that the Bacon obtained for it be held subject to your order. Capt. Riley reported that he found no difficulty in getting two pounds of Bacon for one pound of sugar - even for the damp article from Fla, if an equal quantity of old dry sugar was also exchanged.

I should like to continue this barter; but it will be impracticable to do so, excepting on a limited scale, unless a further supply is ordered here. A considerable quantity is required at the various posts for sale to Hospitals.

I have the honor to be respectfully your obedient servant

Major:

Your letter of 28th May this day received.
Since writing to you on 11th ult. it had become more
evident that the tithe born of this State is beyond the
reach of this department, excepting to a very inconsiderable
extent. I enclose a letter from Capt Means on this subject.
Under your instructions of 1st Feb'y, one of the richest grain sec-
tions of the State was turned over to the Quartermaster's depart-
ment, and Capt Bonner - in charge of this section - reports that
it has been entirely stripped. The "Orangeburg district", which
was to have been left to me, has been gleaned by others. As to the
corn in the districts of Maj Trout and Capt Simons, I have
received from them similar reports to that of Capt Means, as
to the difficulty of getting any portion of the tithe from the tax
collectors. When I received the instructions of Col. Larkin Smith
which gave us the right to a share of the tithe, upon application
I immediately communicated this to my officers; but the result
has been as stated. I believe they acted promptly; but in some
instances the Quartermasters had been before them, and in others the
tax collectors knew nothing of the instructions and would not act.
I am sure that everything possible is being done to collect
all that we are allowed to touch; and we are ready
at this time to ship about 30,000 bushels. - At Columbia
the arrangements are satisfactory. There is some 10,000 bushels
there, and the balance within easy reach of that point.
Do you wish shipments to be commenced? With respect

to the sending an officer to superintend the collection of
corn, I think it unnecessary, unless it should be deemed
advisable to insist on the turning over of grain by the Ircon-
ters who have possessed themselves of it, or laid claim to it
in the hands of the collectors. Maj Sloan thinks that
these are removing it as fast as transportation can be
obtained. It may be the better course to let them take
it away. When the necessity of the Army requires it, you
will, of course, demand it, for the subsistence of men.
From here, three thousand bbls flour have been shipped
most of it in sacks. More will be sent. We are now forwarding
from above, flour is going, but I can't say how
much has been sent - The mail is almost as slow as between
Richmond - sometimes worse. Be assured, Major,
that all efforts will be made to send you substantial aid.
Respectfully your obedient servant

the late appointment of A. A. Sprague to the
H. S. position was unfortunate to say the least;
subsequently the order was revoked, leaving
the office vacant, to fill which vacancy
I would most respectfully recommend
Capt. Edward J. Cunningham who has been recognized
as the C. I. of this Regt. - for the last
sixteen years, and whose familiarity
with the duties of this office, eminently
qualify him for the position. It affords me
pleasure to recommend him as a most
worthy and efficient officer. His long
association with the Brigade, - added to
the influence he has acquired in promoting
its discipline, makes it very desirable to
have him permanently assigned to meet
the C. I. of the Brigade.

Genl I most respectfully call
your attention to the services of 1st Lieutenant
P. B. Quigley, Acting Engineer, Sullivan's Island
since his detachment, the first of April last,
from Abney's Battery Sharpshooters. The
results of his labor, the conscientious discharge
of his duties, & most unflinching reliance to be
placed in the management & execution of his
work, are the recommendations which speak
for themselves, which perhaps have been
brought to your notice in your visits to the
Island. He expressed a wish to be trans-
ferred some time since, but chiefly for
causes of unpleasantry, that always exist
(aside from his preference) toward officers per-
manently detached from their commands.

Very Respectfully,

Sir

I am informed by the Relations and friends of yesterday - the Guild of Tuscaloosa Alabama - an Assistant Surgeon in the Army of the U.S. and who I learn has passed his examination at the Surgeon and is now an Army at Minidokah Califormia has deposited his intentions to his family here to resign his position so soon as he could learn that Alabama had succeeded. - It therefore they that in making your appointments you will reserve opposition by him as he will consent to be soon over. As I am informed he has been twelve or fourteen years in Active Service in the frontier

Recd 1st. Apr/61

Hon. Leroy S. Walker,
Secretary of War,
Washington

Dear Sir,

My friend Dr. James Guild of this place, has requested me to address you a line in behalf of his brother, Walter Guild, who is desirous of receiving a first Lieutenant's Commission in the army of the Southern Confederacy.

I comply very cheerfully with the doctor's request, because I have known Walter Guild from his boyhood & am sure that he possesses the nerve, the quickness of apprehension & decision of character so necessary to constitute an efficient officer.

For six months he has been a member of the corps of Cadets, influenced solely by a desire to acquire military knowledge, as he had previously pursued a three years course of study at an university.

He stands high in his corps, & has been recommended for the place to which he now aspires by Dr. Garland & Col. James the Commandant of Cadets.

The habits of your life assure me that you will give this matter a careful consideration. It only remains for me therefore to add that your favorable action in the

premises will be returned a personal favor. by
Very Respectfully
Yours &c

To His Excellency
Gov. A. B. Moore.

My Dear Sir

I am informed
by Mr. Walter Guild of the City of
Tuscaloosa, that he desires
to obtain a 1st Lieutenantcy
in the Army of the State of
Alabama.

Mr. Guild has been
a Cadet in the Alabama
State Corps, since the 1st of
October last, and has shown
himself to be possessed of
good qualities for a soldier.
He has been obedient to
law - entirely correct in
his morals - gentlemanlike
in his manners - and
attentive to duty.

His experience in Infantry
Tactics is sufficient
in my judgment to warrant
you in appointing him
to the position he seeks.
I believe Mr. Guild has
the capacity to serve his
State usefully as a Military
Officer, & the disposition
to do so with fidelity.

I have the honor to be

This will apply not merely to the cases remaining unsatisfied in your office, but seems to authorize the reopening of all settlements in which the pay ~~was~~ for the time between the enlistment of the man and the actual transfer of the company to the Confederate States service, has been disallowed. The two claims presented by Mr. Waddell come within this description. The Confederate Congress having provided for the payment of these claims, the State will decline to pay them.

In calling your attention to this matter, I desire to state that I have no personal or pecuniary interest in it whatever, but am proceeding at the instance of the Governor for ~~the~~ the interests of the people of this State.

Be so good as to communicate to me at your earliest convenience and advise me whether the correct construction is placed upon the Act of Congress referred to, and what your action will be under it.

Dear Sir:

I have before me your letter of the 26th ultimo, addressed to L. R. Waddell, Esq., Smithfield, N.C., in which you say "No such law as you allude to has been ^{ever} passed by the Confederate Congress and you must look to the State of North Carolina for the award of pay due them," and requesting Mr. Waddell to impart to me the above information. You will excuse me for enclosing herewith a copy of an Act of Congress approved May 3. 1863, of which I have an authenticated copy from the Department of Justice before me, and providing that under this law, as I understand it, all the North Carolina Troops are to receive pay from the Confederate States from the date of their enlistment. Under it, all deceased soldiers, who have died before any payment was made them, are entitled to receive pay through your office from the date of their original enlistment as entered upon the muster rolls of the Companies to which they

Col. W. H. S. Taylor,

2d Auditor, Treasury Department,

Sir:

As the Representative of the State of North Carolina in the settlement of its claims against the Confederate Government for clothing and camp and garrison equipage furnished "its troops and volunteers in the Confederate Service" during the first and second quarters of the year, 1862, I desire to state briefly my views as to the principles which should control such settlement. The Provisional Congress, by its act approved, August 30th, 1861, directs that the Governor of any State furnishing clothing for its troops shall receive the money value for the same. Under this provision, an arrangement was entered into between the State of North Carolina and the Quartermaster General, which arrangement is embraced in the letter of appointment to Capt. W. W. Peirce, 1st Quartermaster, N.C. I. herewith, that all clothing and camp and garrison equipage furnished by the State, should be paid for upon his receipt.

The State of North Carolina has presented Captain Peirce's receipt, for all the property thus furnished, and Captain Peirce has rendered a return showing the disposition made thereof.

The prices charged for the various articles have been approved by the Quarter Master General.

It claims that the State has thus performed its share of the contract and is entitled to payment in full. But as it does not desire to be reimbursed for a single article that may not have gone into the hands of officers in the Confederate service, or that may not be usually allowed to troops in service, there is no objection to an examination of Captain Perin's return previous to a settlement with the State, and the rejection of all issues not made to such officers, or properly sustained by some agreement between the State and the Confederate Government.

The State has no means of knowing whether the officers receiving this property have made a proper use of it or not. All their returns and accounts are rendered to the Confederate States authorities, and not to the State. I conceive, therefore, that the investigation to ascertain whether an over issue of clothing, or camp and garrison equipage has been made to any Company or Companies in service from North Carolina, is not material to a settlement with the State. The property has gone into the possession of Confederate officers under an arrangement with the State, and the latter ceased to have any control over it.

Very Respectfully

Your Obedient Servant

W. B. Gulick,

Attorney for the Gov. of N.C.

Sir:

I enclose
herewith some tabular statements show-
ing the strength of recruited men of the
Companies and Regiments from North Caro-
lina in the Confederate Service. The table
is prepared from the returns made by the
Regiments to the Adjutant General of the
State, showing the strength on the first day
of the month mentioned, but, as you will
observe, the table is defective owing to a
regularity in making the returns. It is how-
ever the best that can be done here, and I
hope will serve to satisfy you that the
clothing issued to the Companies is
set down in Major Pierce's return as
about right. Not having examined the
figures myself in connection with the
clothing issued, I cannot know for my-
self, but I think there will be
no serious discrepancies. I do not expect
them.

them, however, to agree exactly, a Com-
pany being reduced frequently by the cas-
ualties of the service. Between the time
the clothing was drawn and its receipt
by the Captain and issue to the men, in
these cases, and, in fact, in all cases, the only
complete check against an improper issue
of the clothing, is the clothing return of
the Captain himself. If these could be
referred to, you would find that in many
cases the Captains had a surplus of clothing
which is acknowledged to be on hand, or
accounted for by a Quarter Master's receipt.
In the former case the clothing will go to make
up the next year's allowance, or be
used to supply losses in battle.

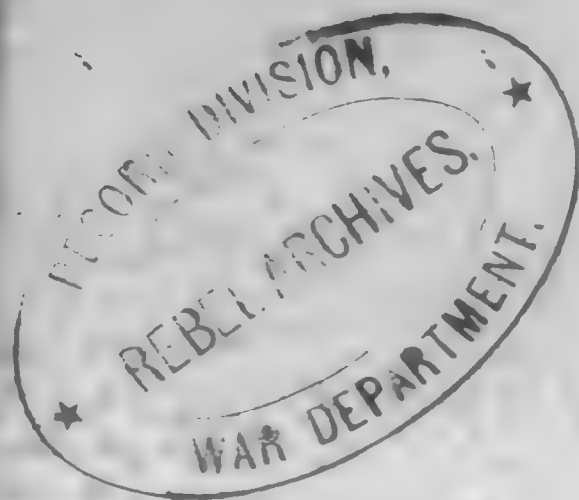

It pleases to notify me that the
accounts have passed through your office.

Very Respectfully,

Your obedient Servant

Memorandum of Report to be

claim of the State of North

and account of the War, under
Act of 1858. app'd Aug 31. 1858.

Treasury Department

Second Branch, April 1st 1864

To the Senate and House of Representatives of the Confederate States of America

The Second Auditor of the Treasury has the honor to submit the following report upon the claim of the State of South Carolina against the Confederate States for the advances and expenditures made by the said State for the use and benefit of the Confederacy in preparation for and in conducting the war now existing against the United States &c under the act of Congress of 1858, approved Aug 30th 1861

The accounts filed by the Commissioners of the State in this case, have received a careful and rigid examination

The proofs ^{presented} ~~required~~ by the act of Congress have been reviewed and no account has been allowed without satisfactory evidence, "that the amount claimed was actually advanced or expended, that the expenditure was proper, and ^{amount} no greater ~~for~~ amount for pay and services than is allowed by the regulations of the Confederate Government for pay and services in like cases". In the course of this investigation it was ascertained that a number of Companies and Regiments, were organized by and received their pay from the State, in the name of their transfer to the Confederate States. The act of Congress of May 1st 1862 provides "that all the troops of the State of South Carolina received into the service of the Confederate States shall be paid from the date of their enlistment". Under the terms of this act it was decided that the State having paid these troops, had a fair claim to repayment and accordingly having obtained from the Office of the Adjutant General of the Confederate States the following statement

Accordingly many claims were the Office of the Major General
of the Confederate States paying the amount of money at the
time of their transfer the amounts paid to such Regiments and
companies, prior to their transfer, were collected, and reported
to the Congress on November 23^d 1863 which, received his approval, and
the sum of \$400,035.64, paid to the State - On the 6th of April 1864
under the same act the further sum of \$58,081.42. was reported
and also paid - By reference to the detailed statement of the account
it will be perceived that it is divided into "Allowed," "Disallowed," "Clothing,
Horses and Mules" The "Allowed" consists of Commisariat, Quartermaster
stores (other than clothing) Ordinance & Transportation, is supported
by proper vouchers throughout and is settled strictly by the Regulations
of the Confederate States. The "Disallowed" embraces expenditures
~~not within the regulations and some few claims not sufficiently~~
~~proved.~~ ~~in regard to~~. The disallowed is chiefly composed of expenditures
within the regulations and a few claims not supported by proper
vouchers, nor sufficiently proved -

The amount of clothing furnished by the State to the troops at the time of their organization is ascertained, and it appears from the papers, that at the time the different companies were mustered into the service of the Confederate States, the Confederate Government allowed a number of them commutation of clothing. In some cases the orders for this commutation were transferred to the State of North Carolina, and in others retained by the companies for their own benefit. In the judgment of the Auditor, whether this commutation was paid over to the State or retained by the companies, the amount should be deducted from the gross amount of clothing purchased by the State.

and all this. It is not practicable at present to ascertain the actual amount so paid, as it is not known with certainty by whom these payments were made and the accounts of the disbursing Officers have been only partially returned, and audited. Congress may remove the difficulty by making provision for the payment of the amounts audited and reported as soon as the amount of commutation money paid, can be ascertained.

The claim for Horses and mules is not reported for payment. It appears that at the commencement of the war the agents of the State purchased Horses for Artillery and Cavalry, and Horses and mules for purposes of transportation. By order issued from the War Department allowances have been made at different times for the use of Cavalry horses owned by the State, and Artillery, Horses have been paid for, ~~and mules used for the purposes of transportation~~ ^{for them} have been paid for - several claims, ^{for them} being, presented and ~~paid~~ ^{audited} in this office. The papers show that a portion of the Horses ^{employed in this account} ~~employed in this account~~, were for Cavalry, and in regard to the residue it does not satisfactorily appear in what manner they were purchased. It used in what disposition was made of them, ~~the same remark~~

As for small numbers of mules were purchased but the disposition made of them is not shown. By order from the War Department at various times allowances have been made for the use of Cavalry Horses, of ~~the~~ ^{the} ~~Regiments~~ ^{Regiments} transferred to the Confederate States, and a number of Artillery Horses ^{may have been of value as confederates in that account} ~~have been paid for by the Government~~ ^{for them, having been credited on} ~~the~~ ^{the} ~~claim~~ ^{claim} it is further recommended that it be ascertained whether

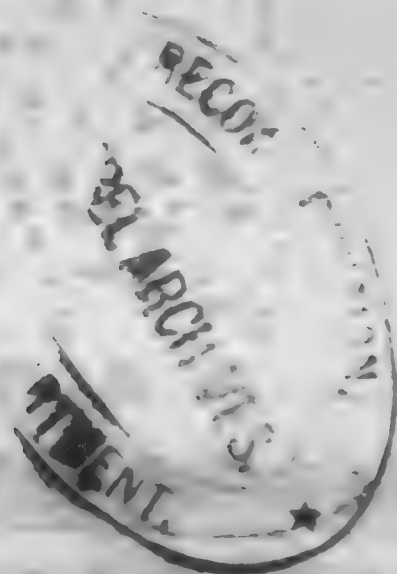

transformed to the Confederate States, and a number of the latter, ^{many of which are constructed on a permanent basis} ~~found for the benefit of the Union, having been ordered on~~
~~it is thought necessary that it should be~~
done, as the right to be collected in the same manner ^{as the} ~~as the~~ ^{as the} ~~as the~~

There is in addition to these claims, the expenditures on account of the Militia called out at different times, by the state authorities, for local defence or to repel threatened invasions.

The act of Congress although not specifically including, ~~these~~ may be fairly construed to embrace, these, as being for the benefit of the Confederate States. This claim has been therefore been credited.

Accompanying this Report is
^{Detailed Statement}
First, a ~~Detailed~~ ^{Detailed} statement of expenditures by the State
Second, an account of Militia Expenditures
Third, a statement of aggregate amounts.

All of which is respectfully submitted

There are now about one thousand
men 200 of which are now sick and it
is my opinion there has been great neglect
among the surgeons of the different corps
from which they have been sent. Col McDowell
has almost his whole regiment here sick
with measles and just he coming down -
How am I to procure transportation for
these able bodied men. The Col has his tent
and camp equipage with him and I
shall get him to establish an encamp-
ment and turn all convalescents into
it. I shall have about 1300 here by tomorrow
and only house room enough for about
900 in the houses. I can hardly feed them
now but by having the convalescents to
cook for themselves I can make out.
The Commissary has about seven days
rations. I shall be compelled to go out
side the regulations for awhile. You may
rest assured I will manage the business so
that you will not be ashamed of me.
I have enough medical aid. I shall have
a contract for private aid with one or

Sir.

We have 19901 nine hundred & ninety
six regiments, with houses room for only six
or seven hundred; and beds for only about
(300) three hundred. I have sent a
Circular to the surrounding Country, but
some time must elapse before responded
to, in the mean time relieve us by sending
the men - Quinine & Stimulants are entirely
out, when more is to come from I would
be pleased to be informed.

I could send (300) three hundred
to duty, but Conductors want take them,
cannot some order be furnished at
which will give relief? Squads of men
have been on platform four days, and
not of yet off. Can you give this
matter attention, or inform me the

proper course to pursue.

I am having lumber made, but
can get nothing to make bed sacks,
besides our mobilization unneeded, have
not benefited our credit, and we are
only able to go on the credit system.

It would seem no further
than make us left all doing with
them yesterday.

 I regret to leave him, duty to

Guy, W.W.

Oxford ALA April 20th 1868
Col L B Northrop
Commissary Genl
Richmond Va;

In reply to
"Brief" relating to invoices 19, 40 for
May 1862, I can only explain that
the stores were charged up as they were
received. A board of survey was
not called and my impression is
that the stores must have been
received in advance of the invoice.
I know that such was most frequent
case and the pressure of time
was so great that we could
not wait for the arrival of invoice
before receiving stores, nor could
we preserve each consignment apart
from other, in the order of storing.
The store room was scarce, and the
method of coming as to space had to
be determined from time to time.

be exercised to secure shelter and protection for the large quantity of cloys constantly arriving.

I regret that the issues, Ord & S. M. Departments were not returned on separate abstracts, and if necessary we will cheerfully correct that informality.

Vouchers 154, 150, 151, 152. To abstract of issues for May 1862 are herewith returned in the shape in which they are presented, being rather an irregular issue. We were not as particular in regard to form as perhaps we should have been. It does not appear however that any issues were made for this month.

Very Respectfully
Yrs
Wm. H. S. S.

In reference to informaticies in abstract
No. 91. This money was part of funds furnished Genl. Eid I
believe by the State of Tennessee to defray expenses of the Missouri
Campaign was deposited with the bank of Tennessee at Memphis to his
order, and was by him checked out through me, with verbal instructions
to transfer one half of the amt, to his 3rd Regt. May. John B. Francis and
10000⁰⁰ remained due him after the transfer of the troops to the
A. S.

No. 356. Mr Ed Porter was a responsible and duly accredited
agent of Stewart in this matter, and not appreciating the importance
of the form, I paid the money well knowing it was going into proper
hands. I trust this small amt, may be passed.

No (34). In the matter of butchery if I have erred, it was unavoidable
the circumstances being such that the Comdg. Genl. refused to waive
details, and I was left but one alternative, either employ butchers
or give the kids & tallow to have the cattle slaughtered which I believe
was the prevailing rule of the service at that time. I pursued the former
course, with much inconvenience and trouble to myself, and thereby
saved to the Govt. the sum of \$1955.00 which is the net balance of 8th Regt
of kids & tallow, after paying for the butchering. For this matter
and also, vouchers 91. I hope soon to furnish you from Genl. Pellows own
hand a satisfactory explanation.

"Herdman" would have been better written agent. This gentleman

Turn over

purchased the horses, as well as attended to their pasturage, and also superintended their butchery and delivery to the troops, his ^{services} valuable and owed in themselves were enhanced by his having his own horse in the service, for which he received no compensation.

No. 342. Under the Tennessee law, clerks in the Army & S. M. Dept. whether detailed soldiers or civilians, were treated as Lieuts in rank and pay. And many, after the transfer of troops to the Confederate Govt. still enjoyed this privilege with the knowledge and sanction of Comdys. Generals and were thus paid by A. S. M's in view of the fact and having no definite instructions in the matter of payments to clerks. I have overpaid W. L. Humphreys who like many others might have drawn Lieut. pay from the S. M. he having ranked as such in the Tennessee Army, and his services having been retained as was the case with many of the state officers, by those Comdys in the Confederate service. And being well worth his pay. I vindicate my course, and trust it will be allowed.

I submit the above explanations, trusting they may meet your approval and hope that an honest desire to promote the interests of the service, as well as to do justice to those in its employ, may not fail to be rewarded by the admission of these facts.

The damaged  
bacon which you have been required to examine  
& report upon - is a part of several large lots  
of Bacon & Pork received of various parties  
during the months of April & May last.

The Bacon was received in appearance good  
order closely packed in boxes & staves - and  
was placed in store immediately on receipt -  
The Pork was received in very bad order, it  
being a part of the Pork packed at Nashville  
& Shelbyville in Middle Tennessee, and broken up  
in bulk on the evacuation of those places by  
our Army - In the hurry & confusion usual to such  
Army movements, it was thrown loosely into the rail  
road cars for transportation to a place of safety  
and after several weeks reached here during a  
warm wet spell of weather - in a very soft and  
dripping condition. Believing it to be best, I  
immediately had it thoroughly smoked - and subsequently  
closely packed in boxes & staves. Throwing out, such as  
seemed to be unfit for the subsistence of Troops -  
But it was impossible to separate nicely the damaged from  
the undamaged meat - and hence in issuing & receiving it.  
The damaged Bacon in question has from time to time  
accumulated on my hands. Respectfully Wm. Guy May & Co.

GEN. POLK'S PAPERS.

Columbus Ky Nov. The 22<sup>d</sup> 1861

Major Genl Park

Sir

Since the latter part of July I have been acting as Depot or purchasing Commissary in the Confederate Service, first under Genl Pillow at New Madrid Mo. since then under the authorities here. During all this time, I have not been furnished with a single dollar from Richmond with which to sustain the Department in which I am situated and for the successful working of which, I have felt deeply responsible.

The chief reason of which, as I understand, results from the fact, that I am not a bonded officer in the Confederate service and have not been recognized at Richmond as one authorized to receive and disburse money on Confederate acct. Realizing the delicacy of my situation I, have not made application for fund on my own acct, but have made out, my estimates for October & November through Capt. Jackson Phil Genl for the western department, who was at that time here, as staff and departmental

Office to Genl. Johnston. Recently I have  
had Correspondence with Col. St. W. Northrup  
who informed me by letter that the amt.  
of my estimates had been deposited with  
Maj. V. K. Stevenson, at Nashville, to the  
credit of Capt. Jackson. This money was  
not sent here, as I expected it would be, and  
as it should have been. The result is that  
the Department still owes the Bank debt  
in Memphis without the means of paying.  
and is now without money with which to  
meet the daily demand of the ~~public~~ service  
from this statement. You will perceive  
that I am not only made to feel the weight  
of responsibility arising from my own  
acts, and legitimate relations, but owing  
to the sort of semi-official character  
that I am forced to bear (or abandon  
the service) I am forced to more than  
share the responsibility that should properly  
attach to others.

Aside from this, if my services  
have been of value to <sup>the</sup> Government, and  
their continuance is desired, the authorities  
at Richmond have had ample time  
during the four months that I have  
been acting, to testify the fact by the  
most satisfactory proofs. If they are  
not regarded as of value, then I as

a man, with a moderate share of  
self respect and independence of  
character cannot longer impose  
upon the mere tolerance of the Government

Other appointments I understand  
have been made and Commissions  
have & acted here for this Division  
of the Army. The fact that my name  
is not entered in the list of appointments  
is the strongest possible evidence, that my  
services are not required.

Again I have but little taste for this  
particular branch of the service, and  
have for some time past, contemplated  
withdrawing from it. but did not  
wish to do so until I could secure a  
reasonable supply of subsistence stores  
for the use of the Army, until my encampment  
could be fairly installed, and have time  
to make necessary provision &c. This I have  
already done, or will be able to do by the  
time I can conveniently close ~~of~~ my acts.

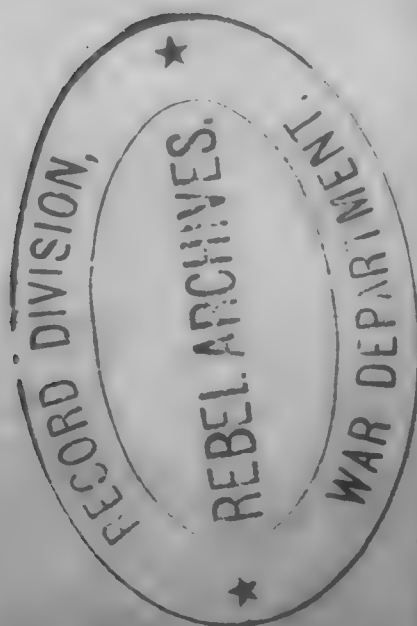

The object of this communication  
is to give notice of my wish to retire  
from the Commissary's Department on or  
about the first of December. That some  
one else may be selected to perform the  
duties that I have endeavoured to discharge  
since I have been acting as an officer.

Respectfully

Sir

I am in receipt of your official communication relating to the irregularity of the following Vouchers  
of purchase for Art. Gr. 1861. Viz. Nos 5, 95,  
100, 101, 156, 189, 225, 242, 263, 274, 283, 289,  
325, 336, 340, 343, 350, 351. These Vouchers all have the  
defect which is, that the receipts for the money were  
signed by the persons from whom the stores appear to have  
been purchased. This results from the following Circumstances  
viz. From the previous time I sent from Agents and to them  
and who, when they gave the receipts for their principals,  
in all cases where the money was paid gave satisfactory  
proof of their responsibility and their authority to give receipts  
in name of and for the parties from whom the stores  
were purchased to have come. I greatly regret this informality  
and confess that at the time I did not understand the importance  
of the matter in point, and must also plead much inexperience  
at that period as a disbursing officer; I now fear, that  
it would be impossible for me to get the Vouchers corrected  
in the class of the war, as they are taken at Columbus Ky which  
is now north of the federal lines and probably all  
the parties are also so. The stores it will be observed were  
purchased at moderate prices, have been all charged up on my return  
and I must duly account for, if with this explanation these Vouchers can  
be paid it will give me much relief, if not, I shall embrace the first  
possible opportunity to have them corrected. Respectfully

W. W. Gray

I have for

for some time past under  
the special order of Genl J. E.  
Johnson, collecting stock into  
a reserve depot of subsistence  
at Annapolis Md. for the  
benefit of Genl Johnson's  
Dept. Since the introduction  
of your new system for the  
purchase & collecting of supplies  
I have had a correspondence  
with Mr. Walker who desires  
me to take a district in the  
State of Md. under him,  
and thinking that the most

of purchasing & collecting  
contemplated in this system  
would certainly supersede all  
others. I willingly accepted  
his offer of a district, of  
course predicated upon the  
idea, that Gen Johnston would  
relieve me of duty under the  
special order under which I have  
been acting. And as the request  
of Maj. Traister, it wrote to Gen  
Johnston explaining the character  
of the system, and expressing  
the wish of Maj Traister that  
I might be ordered to organ-  
ization for duty. Gen Johnston  
however declined to relieve  
me, but on the contrary repeated  
his previous order. This  
places me under the necessity  
of making immediate applica-  
tion to Gen for authority  
to meet my engagements.

I have already engaged  
for one hundred fifty thousand  
and bushels of wheat - to be  
paid for at the Commissionary  
prices (or soon as established  
in Gen. I think I will be  
able to swell the quantity to  
something over two hundred  
thousand bushels in the district  
to which I have been assigned -  
besides purchasing in beef cattle  
stags & corn. I will therefore  
need in the course of the  
present quarter something  
near five hundred thousand  
dollars only about ninety of  
which I now have on  
hand. And as I am here  
for a few days on furlough  
to see a my little daughter  
I thought it best to write  
you, and if my estimate  
for funds can be met - now

I have the honor to ask that Capt. J. J. Layton act as M<sup>tr</sup> Bullock, Brigade (2<sup>nd</sup>) of the Division, be regularly promoted as Major & C. S. for this Brigade with which he has been serving since Feb<sup>y</sup> 20<sup>th</sup> 1864. He is a native and ~~now~~ resident of Mississippi, and is a very efficient and deserving officer.

I also ask that S. J. Alexander be appointed Brigade Commissary of the 1<sup>st</sup> Brigade of this Division, formerly commanded by Brig Genl R. V. Richardson, by whom he was recommended last fall, and assigned to duty, but he has never received any commission, nor made a Bond. Since his connection with the Division I have found him active and efficient and hope he may be appointed. He is a native of, and ~~now~~ resident of the state of Tennessee.

General;

When I

took command of this Brigade, I  
ascertained that Capt. L. D. Richardson  
of the C. S. Det. had been recommended  
to you for the position of Brigade  
M. the recommendation being  
made by the Col. Comdg and not  
in accordance with my wishes -  
therefore, satisfied that he was wanting  
in all the qualifications necessary  
to recommend him, I objected to  
his appointment, but he received  
it before my protest was received  
by you, and he was consequently  
thrust upon me despite my objec-  
tions!

But in consequence of physical  
disability, he has not served in  
the capacity of his office but a  
single day since his appointment  
and is now absent without proper  
Authority -

(over)

Brighton went forward has applied for  
the transfer of Major Richardson  
to his Brigade, and also: much  
desired by all parties, it has been  
returned disapproved. And it  
appears that he was, notwithstanding  
my convictions of the truth of  
his confidences for the position,  
to be the Quarter Master of my  
Brigade; the position next in  
importance to my own — until  
today when I received official  
information from the A. M. Gen's  
office, that he (Major D. Richardson)  
had failed to render the requisite  
Board required by law and of  
course is no longer in the  
way of other recommendations.  
I therefore, in view of all these

facts, do not, respectfully and earnestly  
recommend that <sup>the</sup> Chas. B. Gurnehey  
(Capt. 1st Regt. 1st Div. 1st Corps) be appointed

Quarter Master of my Brigade and  
ordered to report to me at once —

Capt. G. is an excellent officer  
and it is ~~absolutely~~ necessary  
to have such a man in this  
position in a Cavalry brigade.

This diff. is now in the hands of  
one of the Regimental Quarters  
and it is very inconvenient and  
objectionable to continue him  
upon this longer than it can  
be possibly be avoided -

2nd U.S. 1<sup>st</sup> Cavalry  
Feb 8<sup>th</sup> 1864

We a board of officers convened by extract from Special Orders No. 12 for the purpose of enquiring into the qualifications of the U.S. 1<sup>st</sup> Cavalry Brigade, as to their fitness for the position of Brigade Quarter Master, by leave to submit the following report.

Capt. Asby of the 1<sup>st</sup> Calt: Capt. of the 12<sup>th</sup> + Captain White of the 35<sup>th</sup>, Battalion, having declined to become candidates for promotion, the board did not deem it necessary to enquire into their fitness for the position, but take pleasure in saying that from the evidence of the Commanding Officers of their commands they have given satisfaction in the discharge of their duties as Regimental Quarter Masters.

In the case of Capt. Asby of the 1<sup>st</sup> Calt, a thorough examination was had, and from the evidence before us he was qualified in every respect for the position of Brigade Quarter Master.

Feeling that the responsibility of a further discharge of the duties of this important office, would rest immediately upon the Commanding Officer of the Brigade the board respectfully decline to make any recommendations preferring that the Brigadier General of the Brigade should make his own selection.

I would most respectfully state an application for the transfer of Maj Geo S. Richardson Asa G. M. of Stokes Asa of Col. was made and approved by the parties concerned in it. It was your officer when I was in charge it was disapproved under the impression it would put off duty officers and the service which was not the case. Genl. Richardson wishes to promote a captain in the G. M. 3<sup>rd</sup> and my brigade is willing to give up the rank which the officer has for my the duties in relation to the 3<sup>rd</sup> and the promotion of the officer would be made.

My command; moreover all parties would be very much obliged. I respectfully ask a return of this matter.

Very Respectfully

General

I most respectfully ask to be assigned  
as Q.M. to Genl Thos H Rosser when Major Richardson's  
application is now before you - may be assigned to Genl W. E. Greaves.  
My reasons are 1<sup>st</sup> Genl Rosser desires it - as may be seen  
by endorsements on the application - in your Office -  
2<sup>nd</sup> My position would be rendered much more pleasant  
inasmuch as I was recommended, and have served as  
a Q.M. with Genl R. until his promotion.  
3<sup>rd</sup> Besides the position being more agreeable to me, my pay  
would be somewhat increased, which is a matter of some  
importance to me as the Yankees have & hold nearly all  
of what I possessed when the war commenced: and  
my family are refugees and entirely dependent on  
my pay in the Army for a support.

As to my standing as a Q.M. I respectfully refer  
to Genls Fitz Lee, Lomax and Rosser. Also to Maj  
R. F. Moran Q.M.

NO. 1310

The first thing I noticed when I stepped  
 out of the car was the heat. It was  
 a warm blanket, a friendly embrace.  
 The humidity was not oppressive, it was  
 comforting. I had heard that the  
 humidity was bad, but in reality, it was  
 perfect. The humidity was the only thing  
 that made the heat bearable. The humidity  
 was the only thing that made the heat  
 bearable. The humidity was the only thing  
 that made the heat bearable.

Mobile Ala Sept 15<sup>th</sup> 1863

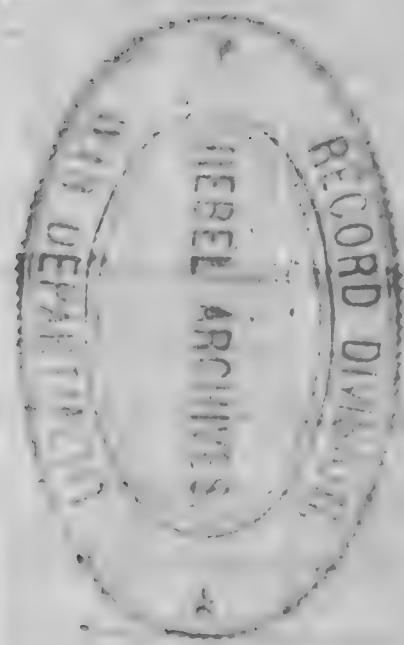

It is with feelings of no ordinary pleasure, that the undersigned fully indorses the very flattering encomium of Capt. McCoy, in reference to P. B. O'Brien of the 34<sup>th</sup> Ala Regt formerly a Sergeant in the 24<sup>th</sup> — the recommendation of the Capt. is so full, that but little remains for me to say — tho' I trust that what has been already said will be sufficient — I have also known P. B. know him to be from his birth, and know him to be fully reliable in every way and shape & form.

My dear Col -

If you can do anything  
for young Grinn I will be very much  
obliged - he has been under my Com-  
mand for some time and while  
acting as an officer, was one of  
the most efficient in my Bat-  
talion. I have been in the service  
nearly nine years and I have  
never seen a young officer display  
more zeal, intelligence or energy  
than young Grinn - We will need  
such men when the Army is  
organized -

I am Col

Yours sincerely

recommending  
Lieut. W. Gwynne

Fort Sumter, 31 January 1862.

Col. Walter Gwynn,

Richmond, Va.

My dear Sir,

I received, only two days ago,  
your letter of 17<sup>th</sup> instant.

I regret very much that you did not receive  
my letter of last July, as it was elaborate and full  
in its statements. I think however that I can  
recall the substance of it. Unfortunately, as I wrote  
under a pressure of business, I did not retain a copy.

My letter was, I believe, in reply to one from  
you, in which you stated that Col. Abeminger  
laid great stress upon certain statements which I  
could make.

The substance of the letter was as follows.  
I was officially connected with you (while you  
were acting as Chief Engineer of the State of South  
Carolina) from the 20<sup>th</sup> day of December 1860  
to about the 15<sup>th</sup> January 1861. That during that

2

time. I was constantly with you. On the 21<sup>st</sup> December, you commenced operations on North Island, Winyan Bay. From that time until I resigned my position (which was done only in consequence of a severe attack of illness, and with great regret) I had never seen you under the influence of liquor. I stated that during this period the energy, industry, and activity exhibited by you had, I believed, never been excelled, and rarely equalled. Of your capacity as an Engineer, having had no experience myself, I did not pretend to express an opinion.

I cited, as an instance of your energy, that during two weeks of this time you did not go to bed.

Later in the Winter I did hear reports unfavourable to you, but certainly nothing of the kind came under my observations.

In your letter you stated that Col. Menninger said he had been influenced to vote for you by a

3

pledge made by me to him, that I would restrain  
you. This I ~~unequivocally~~ unequivocally and emphatically  
deny. I never made any such pledge, and  
do not remember that I ever even conversed  
with Col: Abernethy on the subject.

The above is, as far as I can recall it, the  
substance of what I wrote.

I will take this opportunity of going still  
further, and saying that you have never  
received justice at the hands of the people of  
Charleston. I was very much annoyed  
some time ago at some articles which  
appeared in one of the Charleston Papers  
(I think the Mercury) in which the credit of  
all the Engineering in Charleston Harbor  
was given to Major (now Genl) Trapier, and  
your name was not even mentioned.

The Batteries were specified in these articles.  
Two of these Batteries, on Sullivan's Island, were  
created by you, while I was with you on the spot.

4

I think before Major Trapier had received an appointment from the State, certainly before you had received any official notification of his appointment.

These Batteries, (their location &c) I was aware of from my own personal knowledge. Other Batteries attributed as above to Major Trapier, you had yourself spoken to me about, at a time when I knew that you had held no previous communication with Major Trapier.

I felt very much inclined to reply to these articles, but fear of a Newspaper controversy deterred me. I have not hesitated to express my opinions freely on the subject.

I trust that the above may be of service to you. If so, it will be some satisfaction to me to think, that I have been able to repair, if even in the smallest degree, some of the injustice to which I have referred.

I have called at your house in Columbia

5

twice. Since last Summer, in the hope of finding  
you at home, but was disappointed on both  
occasions. I hope however that "when the War  
is over" we may meet again under as agreeable  
circumstances as those which have heretofore  
characterized our intercourse.

I remain, my dear Sir

With great regard and esteem

Your obedt. Servt.

Wm. H. Peronneau

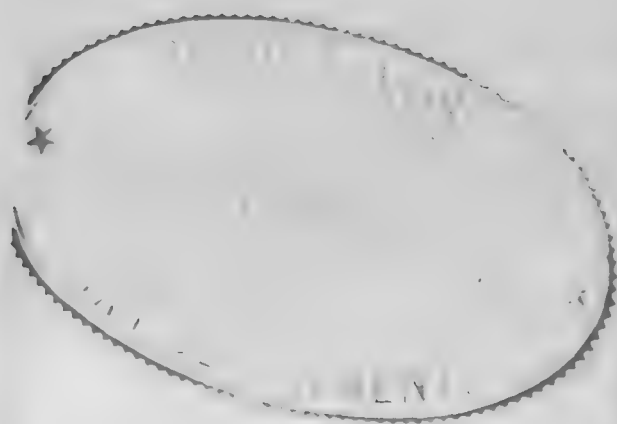

Should you desire any further statements from  
me, it will give me great pleasure to make them  
for you, or in fact to serve you in any way in  
my power.

My Dear Sir,

In conversation with Mr. C. H. Dearminger we were told we were  
was one of Gov. Pickens Council  
when you were appointed Chief  
Engineer of S. C., he enquired of  
me as to certain rumors in  
relation to your habits. While  
I had heard the rumor cor-  
rectly, I knew nothing of the  
truth of them, but calmly  
remarked in connection with  
them that I once attended  
you when very low & spirited  
and nervous, in a condition  
often produced by sudden  
ceasing off the use of ste-  
ruginants. I mentioned that  
upon your telling me that  
you were taking nothing of  
the sort I advised you

to take porter or brandy or something  
of the kind as your nervous  
power was much depressed.  
As to saying that I atten-  
ded you with delirium tre-  
mens, the technical term or allusion  
that is a mistake. You did not  
have that disease - and I only  
saw you once in your room, and  
did not consider another visit  
necessary.

I was much surprised when  
I saw & heard Mr. Menninger's  
letter to the Commissioners, and  
received one from them, as I  
had considered the conver-  
sation with the former as pri-  
vate and between State officials.  
I promptly refused to give any  
opinion in the matter and to  
take any part against you and  
complained to Dr. Menninger

for using my name as he had  
drawn me into the conversation.

I regret very sincerely that  
I should have been made  
instrumental in any way in  
injuring you, for whom I have  
always entertained respect

My dear Sir

As you are no longer the commander of the military division to which I belong I can write you a friendly and informal letter, and I wish to give my humble testimony to the patriotic zeal, the energy, the scientific ability with which in my judgment you discharged your military duties <sup>in the</sup> command of the forces in Norfolk-Hampton. I have learned much of the difficulty of being required to do a great deal with <sup>in</sup> inadequate means. It may be a fine thing to command an army in a wealthy and powerful government, but in a revolution, in a poor commonwealth it is no business. Without a dollar in the pay or quartermaster's department (so far as I am informed) you were required not only to provide means for the support of your troops, but to organize and keep off the enemy, to dispend the erection of batteries and to attend <sup>to the</sup> chances of having duty duties devolving on a Commander. By your skill the enemy has as yet been kept at bay and those such preparations have been put in a course of successful progress, that this action may be saved from the invader. History will do you justice, and the Commonwealth of Virginia ~~will~~ gratefully remember your services. I have the honor to be very respectfully

The following is a list of the names of the officers of the Army of the United States who have been promoted to the rank of Major-General since the 1st of January 1865.

It is considered necessary now to give some details as to the progress of the national reputation for many years past as an officer and soldier and known throughout our entire country. He has been in the service of the Confederacy at the beginning of the war. He has been one of the officers of the General Staff of the Army of the Confederate States. He has been employed in the same capacity at Norfolk. It is to some extent a matter of course for General Beauregard that his confidential service in the past terminated more than a year ago when he has been in the active performance important and efficient service. At Walter's request I have written a letter to the  
authorities of the Southern Confederacy for a military commission. I have  
requested to me that a statement by me of his qualifications should be sent to the  
his merits in the the success of which I feel an interest. I am sure that  
you are far more than thirty years. He was a cadet at West Point and  
that institution a mere boy. His character was of the highest order  
and Cadets can reach high; and his moral and intellectual attainments  
as his name stands in the annals of the Southern Confederacy.  
Kind to me - I have seen in some measure under his charge. I am sure  
creations I have seen since watched with interest his career. I am sure  
have met and understood our common cause. He has been a member of the  
Liberty, useful, honorable and distinguished and such as to be a fine  
military spirit and a true patriot. He has risen as high as a man can  
and I have never heard a whisper against him. He is a  
man of great and high reputation. Any thing you can do to  
will be a great service to the cause. I am sure to  
be true.

General

When you were here in the command, although I had no business acquaintance with you, I intended to send my services to be employed in any station in which I could be most useful. I did not, however, do so, and no more either for rank or remuneration, but only for what I did, in that crisis, for the defence of my native state.

You were then enough to place me upon your staff as a <sup>senior</sup> aide-de-camp. In that position, in daily and hourly intercourse with you, I have had the best opportunity of forming a judgment of the qualities of your command. I have also witnessed the difficulties and the resources with which you have been surrounded, and can picture abundantly the labors for the public service and the success which has resulted from the limited to command a body of raw undisciplined volunteers, augmented by small additions of the same material; without a single battle-assigned staff officer; without a single officer under your command who had seen any service in the field; without a store of arms in your army chest; without the least organization in any of the departments of your command; without the executive control of the mounted troops in the army (of which were under the absolute command of a single officer); without an adequate supply, either of arms, provisions, clothing, or without the means of procuring them except by an appeal to the liberality of the community, who must furnish them; and above all without the <sup>support</sup> efficient ~~supply~~ of the authorities of the Government, who are to be relied upon for aid and recommendations and disregard your protests; oppressed by the war with a multitude of details which proper policy would have excluded; you have conceived and well nigh executed a scheme of defence of this harbor and city, by means of forts and entrenchments and by a <sup>judicious</sup> arrangement of the troops under your command, — a system of defence which has inspired confidence in the minds of the most incredulous and ignorant who have had the means of forming a correct judgment of the same. —

Under these circumstances, I have heard with optimistic spirit and

suppose that you will be succeeded in your command. — If the members  
 of your succession think nothing; But I cannot refrain, before your departure  
 from Springfield, from expressing to you my sincere regret that you should be so unjustly  
 expelled from office, and my sincere regret that you should be so unjustly  
 expelled from office (as it seems to me) expelled of your command just as you have done  
 expelled the scheme of defenses to which you have so seriously and so justly  
 earnestly devoted yourself —

Sir

We take the liberty of writing to you as  
to a friend of Genl. Walter Gwynne hoping  
that you may be able to assist in retaining to the  
further the most valuable services of the gentleman  
in danger of being lost by the recent movement  
in N Carolina respecting Genl. Fries's staff officers.

Truly aware that we cannot claim for our  
opinions the weight of being "Regulars" yet we  
have had the opportunity to judge of what has been  
done here, and may at least claim knowledge  
of facts from personal participation.

When the General reached Portsmouth every thing  
was in confusion - almost without aid, from  
Richmond or elsewhere he undertook the defence  
of this harbor & its dependencies.

He had at no time more than some 7000 or  
8000 troops under his command - He did very  
thoroughly himself - Between the 22<sup>nd</sup> April & the 23<sup>rd</sup>  
May he planned & executed 8 or 9 batteries  
completing & arming most of them & putting the  
rest into course of completion - He planned and  
commenced extensive lines of defence (not  
yet completed) using great energy and ability & skill.

in this instruction, & could be seen executed with zeal  
& industry equal to his own all these works would long  
since have been perfected. This value may be seen  
in the fact that with so small a body of troops on  
our side, the enemy with a more numerous force  
has never ventured an attack.

The locations of troops made by him, seem to  
us who know the country, eminently judicious for  
the protection of the Cities of Norfolk & Portsmouth  
& the wisdom & military skill of his plans are mani-  
-festly sustained, by the fact that his successor has  
made no material change in them. Nearly every  
military man here who had means of knowing his  
plans & views, & from him an accurate testimony  
of confidence in him as a Soldier General and  
those civilians who were placed in a position to  
form an opinion entirely relied on his skill and  
courage.

As citizens of Va we are deeply interested in the  
safety of the country & cannot hesitate to express  
our deep solicitude lest the services of so able and  
useful an officer should be lost to the Confederate  
States.

According to promise, I write to request you to lay the application of Colonel Walter Hays before the President of the Confederate States, for the appointment of Brigadier General of the permanent army of the Confederacy.

You know Colonel Hays as well as I do. He is a graduate of the West Point Academy, served in the 1st Artillery, and was in the artillery one year in the Ordnance Department and eight years in the Engineer Corps. He then resigned and has been employed since as Chief Engineer until the outbreak of the war when he accepted the appointment of Chief of the Engineer Corps, from the service of this State. He is a native of Virginia but has been employed in this State for the last four or five years, as Chief Engineer on the Blue Ridge rail-road, and is now fifty five years of age.

Gentlemen:

In reply to your enquiries about Gen. Brown, known to me as Col. Brown of South Carolina, I would state that I have known him for several years as a gentleman of excellent character. But of late he has declined in usefulness & capacity, until during his late employment at Fort Moultrie, it was apparent that he had become completely broken down & useless.

His habits had become so bad from intemperance that I feel it my duty to say that he is altogether unfit for any post of command or any duty in the military line. And I more earnestly entreat you to say to the Governor of Virginia, that he will certainly put at hazard any trust, which is confided to him; not from any want of character, but from the

overpassing character of his habits.
